DETAILED ACTION

Response to Amendment

1. Applicant's amendments, filed 3/31/08, have been fully considered and reviewed by the examiner. The examiner notes the amendment to independent claim 1, 11, 13, 27, 28, 32, the cancellation of claims 8-10, and the addition of new claims 36-38. Accordingly, claims 1, 11-16, 18, 23-24, 27-28, 32, and 34-38 are pending in the instant application.

Response to Arguments

2. Applicant's arguments, filed 3/31/08, have been considered, but have been deemed moot because they are directed to newly added limitations not present at the time of the prior rejection. Additionally, the examiner notes the arguments with respect to claim 35 have been deemed moot by the agreed upon claim amendment set forth below.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin Kuehn on 6/9/2008.

The application has been amended as follows:

IN THE CLAIMS

Claim 35, line 11, after "and wherein the surface portion " please replace "is one of a non-metal layer or a combined metal/non-metal layer" with "is a non-metal layer".

Claim 36., line 3, after "ceramic substrate " please replace "heat" with "heater".

4. The following is an examiner's statement of reasons for allowance:
 - a. These claims are allowable for substantially the same reasons as set forth in applicant Remarks dated 3/31/2008.
 - b. The examiner amendment to claim 35 has been agreed upon to overcome the prior art of record wherein a silicon seasoning layer is deposited, followed by a ruthenium metal film, which would reasonable read on a combined metal/non-metal layer" previously required by the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
